About eNEET Rural Project

WHY? In many rural areas of Europe there are few job opportunities. Youth unemployment is high, and many young people who have dropped out of school are **low-skilled** and face **difficulties in getting a job**. This is especially true for the disabled and those belonging to ethnic minorities, who face discrimination from education and employers.

WHAT? The project will focus on **innovation** and **technology** in the **agricultural sector** and create a Toolkit for young people who are no longer in the education system, not working or being trained for work (NEETs). The Toolkit will include **online & on-the-spot trainings**, **youth competition**, **staff exchange** and **mentoring services**.

WHERE? The geographical coverage of the project:

- Territorially it covers eNEET Rural partnering countries consisting of partners from **Bulgaria, Hungary, Italy, Romania, Slovenia** and **Spain**;
- Bilaterally it includes partnering countries such as Bulgaria-Greece, Romania-Latvia, Spain-Portugal, Hungary-Slovakia, Slovenia-Croatia and Italy-Malta.
